and **POLISH EMBASSY in KYIV,**
Ukraine

Letter of Invitation

Dear Ms. Nataliia Fedosova,

It is my pleasure to invite you to visit the Department of *Photochemistry and Spectroscopy* of **Institute of Physical Chemistry, Polish Academy of Sciences** in the framework of our 4-year project "Metallocomplexes of macrocyclic compounds for photonic devices" funded by the European Commission as part of the **H2020-MSCA-RISE-2014: Marie Skłodowska-Curie Research and Innovation Staff Exchange program** (Grant Agreement Number: 645628).

The exchange scheme implies that during the project, which is planned to be finished in December 2018, you will be visiting Institute of Physical Chemistry (Poland, Warsaw). In the proposal, we scheduled at least 2-3 visits per each year of 1/2 or 1 months duration. Your travel costs and living expenses will be refunded up to 2000 EURO/month according to the project regulations.

With this letter I would like to ask the Polish Embassy in Kyiv to issue a multi-entering visa to Nataliia Fedosova (Citizenship - Ukraine; born 01.03.1975; passport EP 927402; personal number 2745321347) for carrying out the joint reach project financed by the European Commission.

As the project coordinator, I believe that Ms. Nataliia Fedosova will be able to obtain the multi-entering long-term visa.

Sincerely Yours,

Dr. Alexandr Gorski
Project Coordinator p.n. 645628
